

NEW WORLD FOR ALL

There is only LIFE - Living/Love Infinitely Free Eternally

Our glorious planet has always been a Garden of Eden. The environment came before us, handmade by the Divine Creator for our de LIGHT and absolute blissful enjoyment.

We were given everything with one admonition to not eat from the Tree of Knowledge, only from the Tree of Life. *"The LORD God commanded the man, saying, 'You may surely eat of every tree of the garden, but of the tree of the knowledge of good and evil you shall not eat, for in the day that you eat of it you shall surely die.'"* ([Genesis 2:16-17](#))

Of course as creations we chose to eat from the tree of knowledge and thus our long journey of experiencing polarity of good and evil began. The creator knew this would be our choice and it was all part of the grand cosmic play. It was all part of God's testing its beloved creations. Now we have taken this journey to its full completion and it is time to Eat only from the Tree of Life. As soon as we make this choice the old falls away and the new unfolds. The golden era is laid before us and the earth's and man's restoration will unfold.

There will be those (like women who have been in abusive relationships) that break free and stop eating from the tree of knowledge only to be tempted once again by feelings of old familiarity and return to the past abusive systems of harm and eventual death.

Each of us as LIVING ORGANIC SOULS OF GOD must choose. Everything being played out in front of our very eyes, and presented in the world today via the 'BIG GAMES' known as Politics, Medicine, Media, Technology etc are all coming from the tree of knowledge. All promote and involve LIVING TO DIE scenarios/ or are anti life. They are designed to bring us to a synthetic hybrid un organic inhuman being and live in a virtual unreal world rather than a natural garden of God Creation.

Life is simple. It is so easy to be distracted by ideas presented in the Man Made World media of absolute illusions, only and if, we choose to be distracted.

It is very easy to stay STABILIZED IN THE LOVE OF GOD in Sovereignty knowing GOD BECAME US AND THERE IS SIMPLY OURSELF/CELLS LOOKING BACK AT OURSELVES/CELLS AS ATOMS IN THE LIVING COSMOS. Living Suns and Daughters of God, Christ Real ized as our EYE IS SINGLE TO THE GLORY Amen.
